GP800 Series LED

Flood Light

PROJECT INFORMATION

Project Name	Type
Catalog No	Date

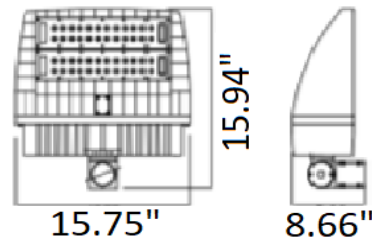

DESCRIPTION

The LED GP800 Flood Lights use the latest in solid state lighting technology for long life, low maintenance, and high efficiency. These LED Flood Lights provide superior lighting without Flickering or Humming and provide convenient features such as "Instant Start." Furthermore, our LED Flood Lights are Eco-Friendly which means there is NO Mercury and these lights are easy to install and operate. With this improved lighting, there are no UV or IR in the beam and provide soft uniform lighting which is safe for the eyes.

FEATURES

- High pressure die-cast housing, anti-static powder coat finish
- High thermal conductive material with high-efficiency cooling system
- Soft light output
- Dimmable
- 100-277V
- 50,000 Burning Hours
- IP65
- DLC Listed

DIMENSIONS

WARRANTY

5 years

Example

GP800 50W 5,932 Lm 15.94" 5000K MV UM DIM Black
