OL2200 Series LED

Troffers

PROJECT INFORMATION

Project Name	Type
Catalog No	Date

DESCRIPTION

The OL2200 Series 2x2 LED Panel fixtures, deliver exceptional 80+ CRI light, while achieving over 130 lumens per watt. This breakthrough performance is achieved by combining the high efficacy and high-quality light of LM-80 Tested CREE LED's.

The OL2200 Series LED Panel fixture is designed to easily install in existing drop-in ceilings, making it ideal for offices and other commercial applications. This panel fixture is also available with dimming as an option. The OL2200 LED panels are UL Listed and DLC Premium certified, qualifying them for all available utility rebates.

FEATURES

- Aluminum base and housing.
- 70% Energy savings vs. traditional fluorescent.
- No infrared rays, no UV, no thermal effect.
- Emits soft, wide light.
- High efficiency constant current system, with heat protection – fixture can work with unstable voltage.
- UL Listed.
- This fixture is DLC Listed and qualifies for rebates..
- 5 year warranty.
