# OL2410 Series LED

## Troffers

### PROJECT INFORMATION

Project Name	Type
Catalog No	Date

### DESCRIPTION

The OL-LED-2410 Series Architectural High Efficiency troffer delivers up to 125 lumens per watt of exceptional 90 CRI light at 4000 lumens. This breakthrough performance is achieved by combining the high efficacy and high-quality light of RTG ColorRite Technology with a unique thermal management design. The OL-2410 Series High Definition option delivers enhanced spectrum 80+ CRI color quality.

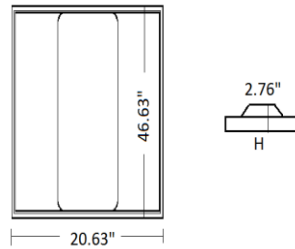

The OL-2410 Series product family is available in warm, neutral, cool or daylight color temperatures and has step, 0-10V, or Lutron EcoSystem Enabled dimming options.

### FEATURES

- Center basket filters light for even distribution in office setting.
- Fixture adopts the latest in optical and LED technology.
- Single light source for evenly distributed light to help eliminate surface shadows and eliminate glare.
- Dimmable down to 10%.
- High-efficiency LED driver ensures steady light output.
- 50,000 Burning Hours.
- DLC Listed.

### DIMENSIONS

### WARRANTY

5 years

Example

**OL2410** 36w 4860 lm 2' x 4' 3000k MV REC EMBB White
